Dear Parents,

Please accept greetings from the entire ABES community.

Based on the results of 1<sup>st</sup> year B.Tech. University final **theory** paper of the 1<sup>st</sup> Sem, 2008-09, the ranking of different Engineering College has been declared by the University. We are pleased to inform you that ABES Engineering College has come out with remarkable performance and that we have been ranked by UPTU very high amongst all the college of the University. List of the top 20 colleges as declared by the UPTU, is as shown in the enclosed sheet. As you would notice, our college, Academy of Business & Engineering Sciences (Popularly known as ABES Engineering College), college code-032, is ranked at **3<sup>rd</sup> position** from amongst nearly 197 private engineering colleges and is at **5<sup>th</sup> position** from amongst all (private & government) engineering colleges of the UPTU which are nearly 207 in numbers.

It may be indicated that a comparison of 1<sup>st</sup> year result is more meaningful as compared to the result of other years, for the subject taught in first year only are common to all and therefore is a true reflection of the performance of various colleges irrespective of which branches are being taught in any college. It may also be mentioned that the ranking based only on the final University **theory** examinations without considering the sessional and practical marks which may have certain amount of bias, is a true reflection of the performance of any college.

Similarly, on the basis of **MCA 1<sup>st</sup> Semester 2008-09** results, we have been ranked by the University at **1<sup>st</sup> position** from amongst private colleges and at **2<sup>nd</sup> position** from amongst (private & government) colleges which are about 103 in number. List of top ten ranked colleges as announced by the University is enclosed.

Our **MBA** course is only a little over 2 year old. In spite of we being so young as far as this course is concerned, on the basis of **3<sup>rd</sup> semester 2008-09** results, UPTU has ranked us at number **6** amongst all (private & government) management-course-offering colleges. The list of top 10 colleges as declared by the University is also attached.

Your ward has played his role in taking ABES to this height and you as parents must be as proud as we all are. We are convinced that you as parents have significantly contributed to this achievement by motivating, inspiring and guiding your ward and thereby helping us to deliver effectively the classroom teaching. We will always look forward to your support and help in time to come in making your ward grow and do still better in future.

With best wishes and regards,

Yours truly,

(Dr. Surendra Kumar)  
Director

## Ranking of institutions based on Theory Exam Odd semester (2008-09) performance

Basis of Computation: GAIA\* Per Student =  $\frac{\text{Sum of marks of all the students in all the Subjects in Theory Exam in respective sem.}}{\text{Total no. of answer scripts evaluated in all subjects in Theory Exam in respective sem.}}$
